

Car Wash & Wax

Description

Cleans and protects in one go. For rapid paint care. Selected waxes and surfactants help to effortlessly remove dirt and protect the paint. No lime deposits. Eases leathering and is gentle on hands. By increasing the sheen, your car's appearance is noticeably improved. Paint is protected from weathering and other aggressive environmental influences. Regular application provides optimum results.

Properties

- high washing and cleaning efficiency
- suitable for polycarbonate
- protects the paintwork against aggressive effects from the weather and the environment
- cleaning and sealing in a single process
- with carnauba wax

Technical data

Solubility	löslich in Wasser / soluble in water
Density at 20 °C	1,017 g/cm ³
Form	flüssig / liquid
Odor	charakteristisch / characteristic
Color / appearance	orange / orange
pH value	konzentriert 4,5; gemischt 6,5 / concentrated 4,5 ; mixed 6,5
Base	Netzmittel, Wachs / wetting agent, wax

Shelf life in original sealed container 30 months

Areas of application

Especially suitable for thorough but gentle cleaning of paint surfaces while enhancing gloss and protection against the weather and aggressive environments.

Application

Shake Car Wash & Wax vigorously before use and then mix with water. 30 ml of Car Wash & Wax (approx. 2 capfuls) is sufficient for 10 l water. Apply the mixture using a sponge to the paintwork to be cleaned and spread out for cleaning. After this, rinse well with water and leather the surface. Regular application gives the optimum results.

Comment

Caution! Do not apply on hot lacquers or surfaces neither in the blazing sun! Check before application for applicability and compatibility.
