

Marine Diesel Protect

Description

The efficient solution for bacteria, yeast and mold. Suitable for reliable long-term preservation. Thanks to the cleaning components, ensures optimum cleanliness in the entire fuel system. With corrosion protection for all metal components. The cetane number booster guarantees easier starting when recommissioning and maximum engine performance. **Use biocides safely. Always read the label and product information before use.**

Properties

- highly effective
- decontaminates infested tank systems
- active in preventing bacterial infestation
- cleans and maintains
- boosts the cetane number
- Excellent aging protection

Technical data

Base	Biozid, Detergent, Cetanzahlverbesserer / biocide, detergent and cetan number enhancer
Color / appearance	braun, klar / brown, clear
Density at 15 °C	0,923 g/cm ³
Viscosity at 40 °C	<7 mm ² /s
Flash point	>63-<100 °C
Regulation on Flammable Liquids Class (Germany)	A III
Shelf life in original sealed container	5 Jahre / 5 years
Odor	charakteristisch, characteristic
Form	flüssig / liquid

Areas of application

For preventive use and for disinfecting contaminated tank systems on vessels and in storage tanks. Ratio 1:200 booster dose for systems which are already contaminated. One measuring cup (25 ml) is sufficient for 5 l of diesel fuel. As a preventive application (1:1,000), one measuring cup (25 ml) is sufficient for 25 l of diesel fuel.

Application

Ratio 1:200 booster dose for systems which are already contaminated. One measuring cup (25 ml) is sufficient for 5 l of diesel fuel. As a preventive application (1:1,000), one measuring cup (25 ml) is sufficient for 25 l of diesel fuel. Shake before use.
