# **Product information**

# **AERO 4T 15W-50**

#### **Description**

High-performance aircraft motor oil based on synthetic technology. Ensures maximum performance and protection of the engine under all operating conditions. Optimum lubrication, outstanding engine cleanliness, excellent friction and minimum wear are guaranteed. Specially formulated additives result in high shear stability and in combined systems ensure particular protection for the transmission.

# Available pack sizes

1 l Canister plastic 5912 D-GB-F

4 l Canister plastic 5913 D-GB-F

20 l Canister plastic 5914

D

60 l Drum sheet metal 5915

D

205 l Drum sheet metal 5916

D

Our information is based on thorough research and may be considered reliable, although not legally binding.

## **Properties**

- optimum lubrication under all operating conditions
- high wear resistance
- high engine cleanliness
- optimum stability to aging
- high shear stability

### Specifications and approvals:

API SL • JASO MA2

#### **Technical data**

Viscosity at 100 °C

Viscosity class 15W-50

Density at 15 °C 0,875 g/cm³
DIN 51757

Viscosity at 40 °C 139 mm²/s

DIN 51562

18,8 mm²/s DIN 51562

Viscosity index 153

**DIN ISO 2909** 

Flash point 240 °C

**DIN ISO 2592** 

Color number (ASTM) 3,5

**DIN ISO 2049** 

#### Areas of application

Developed for air and water-cooled 4-stroke light air-craft engines exposed to normal to extreme operating conditions. Suitable for engines with or without a slip clutch. LIQUI MOLY recommends this product for series 912 and 914 Rotax engines - complies with Rotax Service Instructions SI-912-016 and SI-914-019

#### **Application**

The operating instructions of the engine manufacturers must be followed.
